

SABETHA HIGH SCHOOL

February 13, 2023 BOE Report

Student-led Parent/Teacher Conferences

Our student-led parent/teacher conferences continue to be valuable to both our students and their families! In addition to this being a great opportunity for our students to have conversations with their parents about their futures, we also had a great opportunity to showcase the welcoming, helpful environment our staff has created at SHS. Along with encouraging parents to attend our spring conferences, student-led conferences allow students to use their IPS to take ownership of their learning, reflect on their progress, and take pride in their success. All while having a conversation with their parents that they may or may not be able to take the time for at home. Certainly worthwhile, in my opinion.

Academic Recognition

At our academic recognition program on January 17, we saw well over 60% of our students being recognized for being on the honor roll or achievement on the WorkKeys assessment, including several first-timers! Thank you to Mrs. Evans, for her work to make this meaningful for our students!

Hosting 3A Regional Wrestling

We are thrilled to be able to host 3A Regional Wrestling on Saturday, February 18 at Sabetha High School. This is an all-day event that will bring 16 area teams along with their coaches, parents and fans to our school and community. Thank you to Mr. Burger for applying with KSHSAA for this event and to all of the workers we will need to make this a great day for the student-athletes. Thank you also to our coaches for committing time and efforts to, not only improve student-athletes performance, but also to their resiliency, responsibility, and commitment to their team - a cause bigger than themselves. Congratulations on your successes and thank you for your care for our students.

Community Thank You!!

Thank you to our parents and community for providing support to our students in many ways, including: our Top Jay award program, providing meals for our athletes, providing snacks for teachers on meeting days, providing guest speakers in our classrooms, providing professional learning experience opportunities for our students, and much more!! It is an honor and joy to work together with such a great team for the best of our students.
