## NEWS

### Team Schnak Assembly

Kent Schnakenberg came and spoke to our student body about Type I Diabetes. He informed everyone of the signs and symptoms of the diseases. This was very informational for our student body as we have two students with Type I Diabetes. A big thank you to Kent for stopping by and Rachael Deters and Tammy Porting for organizing it all.

### State Assessments

State assessments are underway so far our 5th, 6th, 7th, 8th, and 11th grades have completed parts. We are continuing to progress through them and will be completed on April 19th.

### Food Drive

Our elementary students participated in a food drive to earn an Easter Bag Hunt. The KAY Club, NHS, STUCO, FFA, and FCCLA came together to put together a school food drive. The students were to donate three hundred pounds of food collectively to earn their incentive. They did so with flying colors and we were proud to donate over three hundred pounds of food to the Marshall County Food Drive. Thank you to all of the organizations that came together to put this event on for our students.

### KESA Action Plans

1. To increase student engagement in the classroom, in extracurricular activities, and in the community by increasing student input and buy in.
2. Increase career and technical education opportunities through career cruising, individual plans of study, and a master class schedule that is conducive to career development.
