## NEWS

### Teacher Appreciation Week

May 6-12 is teacher appreciation week. I would like to take this time to thank all of our faculty and staff for all of their hard work and dedication to our students, school, and community. In appreciation of their efforts our NHS put together a week full of small thank you gifts. The week started with our entries to the building being decorated and welcoming our faculty and staff will end with a breakfast on Friday.

### Step Up Day

On the morning of May 8th our PK-5 classes moved up to their 2018-2019 grade level. They got to meet and greet their teacher for next year, go over expectations, do an activity, and ended their morning with recess with their new grade levels. This was a good experience for them and a way to keep them excited for school during the summer months.

### Graduation

On Saturday, May 12th we will be graduating ten seniors and promoting six 8th graders. This seniors class has accomplished a lot and will continue to do so once they turn their tassel. Several of the students are going off to four year universities, a few are going to a trade/voc-tech school, and others are going straight to the workforce. The 8th graders are ready to start their high school career. I would like to take this opportunity to congratulate all of them on their successes and wish them the best of luck in the future endeavors.

### End of the Year

As we prepare for the end of the year and all of the activities that go along with it, we had the idea to put some events together on the last day. This year our last day of the school year will start with our K-11 awards assembly, followed by our Kindergarten graduation. After all of our morning activities we will have a school wide barbeque, so far 60 parents have signed up to come. We will end the day with our K-5 Fun Day. It will be a day full of celebration and activity, we are excited to add this day to the end of our school year.
