SCHOOL NEWS

First Day of School

The first day of school went well! Students, faculty, and staff were excited to be back and to start the new year. We had assemblies to kick off the day and go over the expectations for the upcoming year.

Behavior Matrix Boot Camp

PK-5 Students went over our behavior matrix on August 21st, they visited seven locations throughout the building and were taught the expectations by members of our high school student council. Locations included: classroom, buses, playground, hallways, bathrooms, cafeteria, and assemblies. The students practiced expectations, watched the expectations being modeled by our student council members, and even got witness examples of what "NOT" to do. I would like to thank the BLT members and the student council for planning and preparing this activity for our elementary students. We plan on having another boot camp at the start of the second semester.
