Re: July BOE Meeting Building Report

---

1. **SMS Air Conditioning:** The new AC system is working very well. It has made a substantial difference with humidity in the gym and locker rooms.
2. **Building Maintenance:** Dean Strathman, Maria Zubler and Joseph Gruber are doing a great job completing our summer projects.
3. **Student Handbook:** We updated one area in our student handbook. We added District Policy EE – Unpaid Meal Charges.
4. **Building Events:** Over the first part of the summer we have hosted Girls Summer League Basketball, MAYB tournament and Drama camp.
5. **Football Camp:** We are hosting our 7<sup>th</sup> and 8<sup>th</sup> grade football camp this week.
6. **BLT:** Our Building Leadership Team met for two days in June. We appreciate the time we can work together and were able to make plans for the upcoming year.
7. **Enrollment:** We will be hosting enrollment at our own building. SHS and SES will be hosting at their own buildings as well.

Thanks,  
Matthew D. Garber
