

Director of Student Learning  
Jennifer Gatz  
Board Report August 2020

### **Online Enrollment and Fee Payment**

We transitioned to PowerSchool Enrollment this year and continued to use e-Funds for Schools for online fee payment. This process allowed parents to complete enrollment remotely. We will continue to look for ways to make improve this process. So far we have received positive feedback on this process.

### **Building Leadership Team Meeting**

Our Building Leadership teams met on July 21<sup>st</sup> and 22<sup>nd</sup> and again on August 7<sup>th</sup> in preparation for the upcoming school year. The input from our BLT has been invaluable as we have worked through creating our return to learn plans at both the building and district level. This group will be working with the building principal to help plan building in-service for back to school.

### **MTSS Process**

As we begin the 2020-21 school year we will continue to revamp our MTSS process to meet the needs of our students. This process may look a little different as we put protocols in place to reduce the risk of Covid-19 exposure. Again this year we will be utilizing the FastBridge assessment system as a screener to determine students that need intervention in the areas of reading, mathematics, and behavior. FastBridge has updated math assessment protocols and they have added a FastMath screening to intervention (S2i) report that we will utilize for determining the intervention needs for math.

### **District In-Service**

Our leadership teams are currently in the process of planning our district in-service. We are thankful for the additional days that we will have prior to the beginning of school to prepare for all of the scenarios that we need to be prepared during the 2020-21 school year.

### **Classified Staff Training**

On August 11th our classified staff will be meeting at Sabetha Middle School for our classified staff in-service. At this training we will review our reopening plan and discuss operation protocols with these groups. We have invited all of our classified staff including substitute bus drivers and substitute teachers to participate in this training. Additionally, various groups will have time to meet with supervisors to prepare for the upcoming school year.

### **New Teacher In-Service**

We had eight new teachers participate in our new teacher in-service on August 3<sup>rd</sup> and 4<sup>th</sup>. We are excited to welcome our new teachers to the district.
