Building Report July 2020 BOE Meeting

Summer Building Maintenance: The SES custodial staff is busy preparing the building for the 2020-21 school year. Head custodian Aaron Koch, Louis Aberle, and summer help Darin Funk have completed a huge amount all ready. Most carpet and rooms have been cleaned and ready for teachers to organize. New carpet has been installed in a classroom. A number of smaller projects, both inside and out, are in process and will help to enhance our facility.

ELA Committee Meeting: Members of the ELA adoption committee met on June 17, 2020 to begin work on the development of instructional routines, pacing guides, and alignment of content standards with the recently adopted ELA curriculum. These individuals will continue to work with their grade level teams to refine and communicate this information.

UPCOMING EVENTS:

July 21: District BLT Meeting

August 5: USD 113 Enrollment
