Date: 7/6/20

Re: July BOE Meeting Building Report

1. **Building Maintenance:** Dean Strathman, Jeffrey Mann and Trista Argabright are doing a great job completing our summer maintenance and cleaning projects.
2. **Building Events:** Our 8th grade class event went very well! We have also been hosting numerous meetings and trainings this summer.
3. **BLT:** Our Building Leadership Team is scheduled to meet on July 21st. We will be reviewing data, adjusting our start of school plans with a Friday start date, identifying focus areas, reviewing Second Step updates, etc. and how these will impact student achievement.
4. **Fire Alarm System:** Our fire alarm system has been giving us an unexplained error code and is scheduled for service on Tuesday, July 7th.

Thanks,
Matthew D. Garber
