We are pleased to offer our Sophomores the opportunity to visit and continue to be encouraged by the relationship we have formed with the Highland Community College Western Center.

Students in grades 6-11 will participate in Student Led Conferences. This is an opportunity for our students, families, and teachers to sit and discuss individual student progress, celebrate achievements, and consider avenues for future successes. The Student Led Conferences also fosters and strengthens the three-way partnership between the students, families, and school to offer students the greatest potential for academic, social, and emotional growth. We are looking forward to this opportunity.

Advisory: Grades 6-12 Advisory is underway and the focus is on Individual Plans of Study using Xello as the product. We meet once a month to complete the grade level activities. Thank you to Mrs. Evans for her leadership and guidance with Advisory and to Barb Clowe and Staci Claycamp who work with our Middle School students; Mr. McCoy (9th grade); Lana Sheldon (10th grade); Thelma Strathman (11th grade); and Linda Boyd (12th grade) who work with our High School students. MTSS: At the December 17 PLC meeting, we continued conversations about implementation of progress monitoring in Reading and Math for intervention groups. We reviewed our winter screening data and set up intervention groups and will begin interventions as soon as possible. We have been teaching Career Competency lessons throughout the high school classes and Second Step lessons in grades K-8 to support our efforts in the area of behavior/social emotional learning. We continue to look at our behavior/social emotional data to identify where we need to make improvements in Tier 1 for implementing the teaching and reinforcing expectations and correcting behaviors. We also have begun discussions regarding school climate/culture. Again, Thank You to the BLT, teachers, instructional staff, Mrs. Gatz, and the TASN Team for their work and assistance with these MTSS interventions.
