

PERMISSION FOR FIELD TRIPS:

Faculty members of USD 113 Sabetha Elementary, recognize the opportunity to reinforce classroom concepts by the use of field trips to appropriate locations both in and outside the boundaries of the school district. To ensure that your child has your permission to attend and participate in various field trips during the school year, please review the following procedure. Your signature would provide the necessary permission for the entire school year.

PROCEDURE:

- A. Students will be given a note each time explaining the details of the field trip. The note will give the location, time and date of the trip.
- B. Parents should notify the school, in writing, if they should object or refuse permission for their child to attend any scheduled field trip during the year.
- C. School officials will not allow any child to participate in a field trip unless a signed form is on file or they have received notification from the parent that the child is not to participate in a particular field trip.
- D. I understand the student will be under school supervision however, the school and those in charge will not be held responsible in case of an accident.

I have read the procedure above and hereby give permission for my child listed below to participate in school approved field trips during the current school year.
