Student Excusal Form
Kansas State Library System

Notice to the Parents
Unified School District #113
Date: _____

During the school year, the USD #113 libraries participate in a state wide library system called Northeast Kansas Library System (NEKLS). This system is the same system that the city of Axtell, Wetmore, and Sabetha participate in as a community. This participation allows the district students to have access to more than just USD #113 books thus expanding the number of materials our students have access to for curriculum support and recreational reading. This form serves as a notice to parents that your students will have this opportunity. Please find attached an explanation of the state library system.

This notice is to also inform you that the librarians of USD #113 will attempt to screen materials coming into the district that students check out. The librarian may also deny your student access to a book if it appears inappropriate. However, the librarians will not always be familiar with all materials. The overall goal of this notice is to make sure that you as a parent are aware that students have this opportunity and ask that you assist us in making sure that you are comfortable with what your student is checking out from the state system. If you are not comfortable with a book your student has checked out, simply send the book back to school or deposit at your local library.

You may find more information on https://catalog.nexpresslibrary.org. If you have any questions, please stop by the school and visit with your librarian, (librarian name). She may also be reached through email at (librarian email address). You do have the right to opt your son or daughter from this program. We do need you to check one of the boxes below to express your wishes as it pertains to your son or daughter.
